Aniruddha Kadia

Phone: +91 9510511540   aniruddhakadia86@gmail.com   in LinkedIn

Sr. Software Engineer

Vadodara, GUJ, India

Profile Summary:

Experienced Front-End Developer, working on **React.js** and Next.js for the last **6+ years**, with strong expertise in JavaScript, HTML5, and CSS3. Possess 11+ years of experience in UI/UX development, including front-end view layer development in .NET, delivering user-focused designs and seamless digital experiences. Skilled in Agile practices, version control (**Git, TFS**), and collaborating with cross-functional teams to deliver scalable, user-focused solutions.

Roles and Responsibilities:

- Developed responsive web applications using **ReactJs & AngularJs,** HTML5, and CSS3, Bootstrap.
- Designed and created UX/UI wireframes and mock-ups, then developed them into pixel-perfect, responsive, and cross-browser compatible interfaces for desktop, tablet, and mobile devices, ensuring compliance with **WCAG/ARIA accessibility standards**.
- Integrated RESTful APIs into React applications for dynamic data rendering and seamless user experiences.
- Conducted **code reviews** and maintained high coding standards to ensure quality, maintainability, and scalability.
- Debugged and resolved front-end issues to improve application performance and user engagement.
- Worked in **Agile/Scrum environments**, actively participating in sprint planning, daily stand-ups, and retrospectives.
- Used **Git** and **TFS** for version control while managing code efficiently across environments.
- Understood **UK and USA client requirements** and provided accurate **timeline and cost estimations** for project delivery.

Certifications:

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate - Oracle – Issued October 02, 2025

Credential ID: 102808903OCI25AICFA

React + Redux Certification - Sololearn – Issued April 27, 2022

ReactJS Course Completion Certificate - Great Learning – Issued April 2022

Education:

- ➤ Bachelor of Account
  University: The Maharaja Sayajirao University, Baroda - Gujarat University, India (2005 – 2007)

- ➢ Diploma in Website Development
  University: Aptech Pvt Ltd, Vadodara, India (2010 – 2012)

Project Experience:

CredentialingSpectrum | Sr. Frontend Engineer
Environment: Angular 10, TypeScript, HTML5, CSS3, Bootstrap, Azure DevOps TFS

- Built responsive dashboards, forms, task management, and reminders.

- Integrated REST APIs for credentialing workflows with backend teams.

- Fixed UI bugs, optimized performance, and ensured cross-browser compatibility.

- Managed code versioning and CI/CD pipelines using Azure DevOps TFS.
  Key Skills: Angular 10+, TypeScript, REST API Integration, Responsive Design

---

PhysicianCompareSpectrum | Sr. Frontend Engineer
Environment: Angular 10, Angular Material, TypeScript, HTML5, CSS3, Azure DevOps TFS

- Developed interactive dashboards and comparison charts for Medicare data.

- Added search, filters, sorting, and pagination for large dataset handling.

- Built data visualization charts/graphs using Angular libraries.

- Optimized performance and deployed via Azure DevOps TFS CI/CD.
  Key Skills: Angular 10+, Angular Material, Data Visualization, Large Dataset Handling

---

Virtual Event Platform | Sr. Frontend Engineer
Environment: GatsbyJS, React, GraphQL, TypeScript, HTML5, CSS3, Azure DevOps TFS

- Built virtual event platform for corporate performance meetings and reports.

- Developed interactive UI components with GraphQL/REST API integration.

- Designed responsive layouts across desktop, tablet, and mobile.

- Improved performance, SEO, and static site generation using Gatsby.
  Key Skills: GatsbyJS, React, GraphQL, Tailwind, Performance Optimization

---

EARLYThree (earlythree.com) | Sr. Frontend Engineer
Environment: React, HTML5, CSS3, REST APIs, Azure DevOps TFS

- Created web interface for a childhood development tracking tool.

- Built milestone checklists, behavior tracking, and video/image upload features.

- Designed responsive layouts and accessibility-focused UI.

- Implemented onboarding modules (tutorials, FAQs, references).
  Key Skills: React, TypeScript, Responsive Design, Accessibility, API Integration
